## K&K Foods, Ltd. Supports the “Loving Taiwan & Environmental Cleanliness” Campaign

**Dajia, Taiwan, April 2010** – During the annual Taichung County Mazu International Festival, employees of K&K Foods, Ltd. demonstrated their drive to be positive, contributing members of the community in which they live and work. They accomplished this by supporting the government’s “Loving Taiwan & Environmental Cleanliness” campaign during this year’s festival.

This event, which draws over 100,000 people each year, is an important part of life in the area in which K&K Foods operates. A number of K&K employees supported the festival with monetary contributions, and also worked with the local community and the local EPA to clean and restore the neighborhood after the completion of this large event.

A community service award was given to K&K by the local government. Employee satisfaction and a sense of connection between the company, its employees and the community in which they all operate was greatly enhanced through participation in this event.
