

OSI *IN action*

PRESS RELEASE

The OSI Group, LLC, announced today the opening of OSI Poland Foodworks, a state-of-the-art beef abattoir facility in Gora, Poland. With a planned additional investment of over US\$ 12.0 MM in processing capital and technology, OSI Foodworks Poland will become one of the most modern beef facilities in Poland. OSI Poland Foodworks will employ over 230 people and will be capable of producing over 22 million pounds of high quality primary beef cuts per year, providing a positive economic impact on the surrounding area. OSI believes this investment will allow it to assure the supply of high quality beef raw material to its key customers and partners in the region.

The OSI Group, LLC is a global leader in supplying value added protein supply to leading foodservice and retail brands for over 50 years. The OSI Group, LLC is a privately held corporation with more than 40 facilities in 17 countries. OSI employs over 10,000 people and has annual operating revenues in excess of US\$ 4.0 Billion.
